came down to Stillwater  
the trouble started over

the one that was the  
cause of having me

Went home at noon  
and he come along  
about one o'clock and  
stayed around the house  
all after noon calling  
me named, and said  
that he would kill  
me, He has a knife  
with a extra long blade  
and will pull it out

and stand stapling it  
in the side of the  
House, He called me  
a S. of a B. a dozen  
times and said he  
would lay fore me  
and Rip me open  
with that knife  
and that He was not  
through with me  
yet. All this I have  
four witnesses of that
